This global economy is vital to allowing the exchange of technology and goods and relies upon a network of importers and exporters to ensure that goods can flow freely and be available to meet the ever growing demand of the public. In order to keep track of the most reputable importers, we have created an international buyers directory. This is a list of importers that let you find which companies are in the business of importing and what product. International Buyers Directory is a valuable repository of rich information on the importers and their importable. This is a list of importers that lets you find which companies are in the business of importing what product and is an important link in the chain of trade information. Perhaps no other question is asked more frequently by exporters than "Where and how can I find importers?? International Buyers Directory is a perfect starting point for international exporters, manufacturers, traders and merchants looking to establish direct contacts with overseas customers throughout the world. This Directory contains the latest and complete information about your potential business partners in several countries around the world. The importers information listed in Buyers Directory has been collected from very reliable sources like electronic media, embassies and different association of concerned countries .Having in view the export promotional programme, our dedicated team has compiled Buyers Directory with hard work, efforts and devotion. The Directory contains the most comprehensive database of importer information. We at NPCS collect data from around the world, and then classify the raw data into the kind of intelligent categories that companies around the world use to: • Find new importers, new markets and new business opportunities • Enhance international trade • Support sales & marketing. Contains: Over 89,300 Importers / Buyers.
