The small scale sector is assuming greater importance every day. The small scale sector has played a very important role in the socio-economic development of the country during the past 50 years. It has significantly contributed to the overall growth in terms of the Gross Domestic Product (GDP), employment generation and exports. The Small-Scale Industries (SSI) gathered momentum along with industrialization and economic growth in India. In both the developed and developing countries, the government is turning to small and medium scale industries, as a means of economic development and a veritable means of solving problems. The development of small industries offers an easy and effective means of achieving broad based ownership of industry, the diffusion of enterprise and initiative in the industrial field. It is also a seedbed of innovations, inventions and employment.
