

The Complete Book on Cultivation and Manufacture of Tea (2nd Revised Edition)

Author: H. Panda

Format: Paperback

ISBN: 9788178331683

Code: NI242

Pages: 574

Price: Rs. 1,625.00 **US\$** 42.95

Publisher: Asia Pacific Business Press Inc.

Usually ships within **5** days

Tea is one of the most popular beverages that are being consumed all over the world. Tea is known as a soothing drink and a way of life. Owing to its increasing demand, tea is considered to be one of the major components of world beverage market. Tea is very beneficial for health and is also known as anticarcinogenic properties. Green tea acts as an antiviral agent. Growing tea requires sufficient amount of work and there is additional level of work that must be incorporated to harvest it. Tea is cultivated in tropical and sub tropical regions. There are various kinds of tea such as black tea, green, oolong tea that can be obtained from real tea plant, *Camellia sinensis*. The making of different varieties of tea mainly depends upon plucking and rolling, spreading, storing process.

The handbook describes aspects of tea cultivation, ranging from the history of old crop, machinery & equipment for various Tea, biological control, organic tea- and many more. This is a sincere attempt to open up the world of this wonderful beverage, its cultivation methods, types of tea available worldwide, manufacturing process, to the common man.

Some of the fundamentals of the book are growth of tea in other countries, tea in Indian economy, biochemical constituents, pharmacological properties, selection, pollination and propagation, nutritional requirements, growth, photosynthesis and respiration, nursery management, water theory, oxidative degradation of protein, biological effect of polyphenols, analysis of tea, tea processing, green tea processing, tea bag production etc.

This book will be a mile stone for its readers who are new to this sector, will also find useful for entrepreneurs, tea scientists and tea research establishments.

Contents

1. HISTORICAL EVIDENCES

Tea in India

Growth of Tea in Other Countries

Tea in Indian Economy

2. RELATION WITH HEALTH

The Core Compounds

Flavonoids in Tea Infusion

Antioxidant Activity of Tea Flavonoids

Tea Flavonoids and Cancer

Caveats

3. IMPORTANCE OF THERAPEUTIC COMPOUNDS

Polyphenols
Caffeine
Vitamins
Carbohydrates
Lipids
Triterpenoids
Carotenoids and Pigments
Minerals
Overall Distribution of Compounds

4. PRODUCTION OF THERAPEUTIC COMPOUNDS

Polyphenols
Variations in Specific Compounds
Changes During Processing
Theaflavins and Thearubigins

Discussion

5. BIOCHEMICAL CONSTITUENTS

Biochemical Constituents
Enzymes
Polyphenolic Compounds
Amino-acids
Phosphate Esters, Nucleotides and Caffeine
Carbohydrates
Lipids
Chlorophyll and Carotenoids
Volatile Compounds
Biochemical Changes during Leaf Processing
Withering
Rolling
Fermentation
Development of Aroma
Changes in Carotenes and Fatty Acid
Firing
Biochemical Basis of Tea Quality

6. PHARMACOLOGICAL PROPERTIES

Pharmacological Actions
Pharmacological Aspects Associated with Tea Consumption
Cardiovascular System
Cancer
Tea and Dental Health
Tea and Fluid Replenishment
Gastrointestinal System
Skin and Topical wound Healing Activity
Antimicrobial Action
Angiogenesis Inhibition
Absorption of Tea Flavonoids
Potential Health Concerns Associated with Tea Consumption
Tea and Iron Absorption
Conclusion

7. IMPORTANCE OF BLACK TEA

Composition and Chemistry of Tea
Pharmacological Properties of Tea
Antioxidative Effects of Tea
Modulation of Metabolizing/Detoxifying Enzymes

Modulation of Immune Function
Antimutagenic Activity
Anticarcinogenic Activity
Prevention of Coronary Heart Disease
Germicidal and Antiviral Activity
Regulation of Intestinal Microflora
Prevention of Dental Caries
Conclusion

8. TAXONOMICAL PROPERTIES

Tea Varieties

- (1) The China variety
- (2) The Assam Variety
- (3) The Cambod Variety

Biology of the Plant

Phasic and Vegetative Growth

Tea Flowers and Reproductive Phase

Dormancy

Longevity

Tea Gene Pool

Cytotaxonomy and Chromosome Numbers

Wild Populations of Tea

Germplasm Collection

9. SELECTION, POLLINATION AND PROPAGATION

Development of Seed Varieties

Vegetative Propagation and Development of Clones

Selection for Yield and Quality

Hybridisation

Interspecific Hybridisation

Polyploid Breeding

Mutation Breeding

Tissue Culture and Genetic Engineering

Breeding Strategies

Seed and Clone

Techniques of Vegetative Propagation and Clonal Selection

The Nucleus Plot

Manuring of Mother Bushes

Type of Cuttings

Time of Taking Cuttings

Nursery Bed and Shade

Use of Hormone in V.P.

Clonal Selection Procedure

Mother Bush Selection

Technique of the Seed Bari and Grafting

Bringing into Bearing

Collection

Sorting

Storage and Transport

Upgrading a Seed Bari (Seed Nursery)

Vegetative Propagation (V.P.)

The Mother Bush

The Nucleus Plot

Taking Cuttings

Setting the Cutting

10. CHARACTERISTICS OF SOIL BIOLOGY

Origin and Characteristics of Tea Soils

Soil: Physical Properties

The Basis of Soil Nutrition

Soil Acidity

Soil Physical Properties

Soil Texture

Soil Aggregate

Soil Compactness

Soil Management for Tilt

(a) Drainage

(b) Land Levelling

(c) Cultivation

(d) Lime or Dolomite Applications

(e) Soil Improvement

Soil Biology

Physical Environment

Rainfall

Temperature

Humidity

Wind Speed

Day Length

11. NUTRITIONAL REQUIREMENTS

Nutrient Composition of the Tea Plant

Assimilation of Various nutrients by Parts of the Plant

Individual Nutrients

Nitrogen

Basis of Nitrogen Absorption and Uptake

Sources of Nitrogen

Determination of Quantity for N: K ratio

Phosphorus

Increasing Phosphate Efficiency

Phosphate Uptake and Mycorrhiza

Phosphate Solubilising Microorganisms

Rock Phosphate: Amendments

Interactions of Phosphorus with Other Nutrients

Fertiliser with Soluble Phosphorus

Potash

Potassium Reactions in the Soil

Potassium in Growth Stages of Tea

Factors Affecting Potassium Uptake

Potassium Interactions

Nitrogen: Potash interactions

Interaction with Other Nutrients

Collateral Effects of Potassium

Sulphur

Sulphur Containing Fertilisers

Zinc

Other Micronutrients

Organic Fertilizers

Nutrition and Crop Quality

Deficiency Symptoms

12. GROWTH, PHOTOSYNTHESIS AND RESPIRATION

Carbon Input; Sink Source Ratio
Limitation of CO₂ Assimilation
CO₂ Assimilation and Light Limitation
Regulation of Photosynthesis
Regulation of Photosynthesis by Transport and Partitioning
Effect of Leaf Age on Photosynthesis
Photorespiration and Dark Respiration
Dry Matter Partitioning and Productivity

13. NURSERY MANAGEMENT

Nursery Management
Planting
Land Preparation
Planting Density
Field Planting
Planting Operations
Bringing up of Young Tea and Bush Formation

14. THEORY OF PRUNING, PLUCKING AND MAINTENANCE FOLIAGE

Theory of Pruning
Types of Pruning
Collar Pruning
Medium Pruning
Top or Light Pruning
Lung Pruning
Skiffing
Choice of Pruning System
Tipping
Shoot Growth
Leaf and Bud Dynamics
Plucking
Plucking System
Plucking Standard
Plucking Interval
Plucking and Maintenance Foliage
(1) Pruning: definitions
(2) Requirements before Pruning
(3) Pruning Administration
(4) Factors Affecting Pruning Time
(5) Crop Distribution
(6) Pruning Cycles

15. HISTORICAL PERSPECTIVE OF SHADE TREES

Historical Perspective of Shade Problem
The Genesis of Shade Problem
Effect of Shade per se
Shade and Light Intensity
Shade and Tea Leaf Temperature
Effect of Shade Trees on Light Climate
Shade and Partition of Growth
Shade Effect on Quality of Made Tea
Current Perspective
Sylviculture of Shade Trees
Mixture of Shade Tree Species
Intimate Mixtures

- (a) Square Planting
- (b) Triangular Planting
- Non-Intimate Mixtures
- (1) Tea and Shade Square Planted
- Spacing of Shade
- (i) Suggested Spacings
- (ii) Planting of Shade Trees
- Propagation of Shade Trees
- 16. WATER THEORY
- Theory of Drainage
- Approach to Drainage Problem
- Problems in Tea Areas
- Models of Drainage Systems and Water-table
- Objective of Drainage
- Diagnosis of Drainage Problems
- A. Growth Pattern
- B. Physical Indicators of Waterlogging
- Outline of the Drainage
- Designing the Main Drain
- The Field Drains and Removal of Surface Water
- The Drainage System
- Construction of Drains
- Pipe Drainage
- Rationale of Irrigation
- Parameters of Irrigation
- Irrigation Requirement: Net and Gross Irrigation Requirements
- Irrigation Frequency
- Scheduling of Irrigation
- Rainfall Deficit
- Types of Irrigation
- Irrigation Efficiency
- Significance of Irrigation in Total Water Management
- Soil Conservation
- Criteria for Water Relation Between Soil and Tea Plants
- Moisture
- Soil Water
- Moisture Extraction Pattern by Tea Roots
- Effect of Drainage and Irrigation
- Weed Effect
- Effects of Weeds on Tea
- Biology of Weeds
- Weed Reproduction
- Weed Density
- Growth
- Dispersal of Weeds
- Weed Dispersal
- Methods of Weed Control: The Manual Aspect
- Chemical Weed Control
- Herbicides in Tea
- Herbicide Mixtures
- Application Technology
- Perspectives on Weed Management
- Common Weeds of Tea

A. Dicotyledonous or Broad Leaved Weeds

B. Monocotyledonous and Grass Weeds

Outline of Weed Control

Manual Control

Mechanical Control

Chemical Weed Control

Preplanting Control of Thatch

Additives for Herbicides

Herbicide Mixtures 'Cocktails'

Weed Control Outside the Tea Area

Equipment

Climatic Factors Affecting Weedicide Application

Safety Precautions

Herbicide Damage to Tea

17. DISEASES OF SEEDS AND CUTTINGS

Diseases of Tea Seeds and VP Nursery diseases

Leaf Diseases

Stem Diseases

Root Diseases

Strategies for Controlling Diseases

Outline of Disease Control

Leaf Diseases

Root Diseases

Secondary Stem Diseases

18. PESTICIDE MANAGEMENT

Crop Losses

Mite Phytophagy

Defoliators

Sap Feeding Insects

Root Damaging and Soil-borne Pests

Pests of Shade Tree and Ancillary Crops

Leaf and Petiole Eaters

Stem Borers

Seasonal Abundance of Pests

Pesticide Specifications for Tea

Pesticides: Applications and Management

Management of Pesticide Residues

Strategies in Pest Management

Outline of Pest Control

Mite Damage

Insect Attacks

Young Tea Sick or Dying

New Flush Stunted

19. BENEFICIAL IN CANCER

Lifestyle and Diet in Cancer

Effect of Tea in Animal Systems

Prevention of Cancer in Man

Effects of Tea on the Incidence of Human Cancer

Interaction of Genetic Actions in Carcinogenesis in Humans

20. CANCER PREVENTION

Cancer—an Overview

Cancer and the Intrinsic Defense Machinery of the Host: A Tug-of-War

Why Cancer Therapy Fails

Dietary Therapy

Why Tea?

Tea and Its Constituents - A Historic view

Hypothesis

(1) Direct Effect of Tea in Tumor Regression

(2) Indirect Effect of Tea in Cancer Prevention: Tea-induced Tumor Regression by Rejuvenation of Host's

Intrinsic Defense Machineries

Conclusion

21. OXIDATIVE DEGRADATION OF PROTEIN

Materials and Methods

Results

Discussion

22. BIOLOGICAL EFFECT OF POLYPHENOLS

Biological Effects

Chemoprevention

An Overview

23. PREVENTING BONE LOSS

Functions of Marketing

Promotional Techniques

The Product Concept

The Sales Process

24. ANALYSIS OF TEA

Analysis of Green Tea Leaf

Sampling

Polyphenols

Determination of Total Polyphenols

Separation and Identification of the Individual Polyphenols

Determination of Flavonol Glycosides

Determination of Flavylogens

Determination of Phenolic Acids

Amino Acids

Carbohydrates

Chlorophyll

Carotenoids

Minerals

Enzymes

Analysis of Manufactured Black Tea

Traditional Methods

Alkaloids

Polyphenols

Separation of the Polyphenols

Analysis of Theaflavins and Thearubigins

Determination of Total Tannin

Cream

The Aroma Complex

Analysis of Instant Tea

25. TEA PROCESSING

Types of Tea

Brief Outline of Tea Manufacturing Process

Withering

Rolling

Fermentation/Oxidation

Drying
Sorting and Grading
Storage and Packaging
Tea Manufacturing Process Flow Diagram-CTC
CTC
Orthodox
Withering
Rolling
Fermentation/Oxidation
Drying
Sorting and Grading
Storage and Packaging
Tea Manufacturing Process Flow Diagram-Orthodox
Tea Manufacturing Process
Quality Control
Oolong Tea
Oolong Tea Process
White Tea
Source of Technology
Machinery and Equipment
CTC Tea Processing
26. GREEN TEA PROCESSING
Green Tea Ingredients
Green Tea Processing
Pan Firing or Steaming
Rolling
Drying/Firing
Sorting/Grading/Packing
Tea Manufacturing Process Flow Diagram - Green Tea
Machinery and Equipment
Green Tea Processing (Moroccan Type)
27. TEA BAGS
Tea Bag Processing
Tea Bag Filter Papers
Non-Heat Sealable Filter Papers
Heat Sealable Filter Papers
Withering
Rolling
Drying
Milling
Blending
Measuring
Tea Bag Assembly
Tea Manufacturing Process Flow Diagram - Tea Bag
Process of Tea Bag Manufacturing
Machinery and Equipment
28. MACHINERY & EQUIPMENT FOR CTC TEA/
ORTHODOX TEA/OOLONG TEA/TEA BAGS
1. Withering
Axial Flow & Centrifugal Fans
Technical Data
Centrifugal Fans (Hot Air, Induced Draft and Fermenting Fans)
Technical Data

Direct Fired Oil/Gas Heaters

2. Rolling

Rotovanes (Rolling Solutions For CTC Tea)

Technical Data

Sifter-CTC Machines

Technical Data

Balanced Green Leaf Sifter

'Rotomax' Rolling Tables for Orthodox Tea

3. Fermenting/Oxidation

Continuous Fermenting Machines (The Ideal Fermenting Solution)

Technical Data

4. Drying

Fluidized Bed Tea Dryers

Technical Specification

Advanced Conventional Tea Dryers

Technical Specifications

Indirect Fired Coal/LECO/Firewood Heaters

(The Most Efficient Solid Fuel Based Indirect Fired Heaters for the Tea Industry)

Technical Specifications

Chain Grate Stokers

Technical Specification

Ghoogie

5. Sorting & Grading

'Fibro' Slow Speed Fibre Extractor

(Horizontal Design Vibratory Sifter & Grader for Tea)

Vibro Screen Sorter

(Vertical Design Vibratory Sifter & Grader for Tea)

Pulverizer

Powdering Machine for Tea

6. Packaging

Range of Packaging Machine (Menu Driven Computerized Pneumatically Controlled)

Vertical Form-Fill-Seal Machines

Pillow Pack FFS Machines for Granules

Technical Specification

Tea Bag Packaging Machine

Technical Specification

28. MACHINERY & EQUIPMENT FOR CTC TEA/TEA/ OOLONG TEA/ TEA BAGS

About NIIR

NIIR PROJECT CONSULTANCY SERVICES (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services.

NPCS is manned by engineers, planners, specialists, financial experts, economic analysts and design specialists with extensive experience in the related industries.

Our various services are: Detailed Project Report, Business Plan for Manufacturing Plant, Start-up Ideas, Business Ideas for Entrepreneurs, Start up Business Opportunities, entrepreneurship projects, Successful Business Plan, Industry Trends, Market Research, Manufacturing Process, Machinery, Raw Materials, project report, Cost and Revenue, Pre-feasibility study for Profitable Manufacturing Business, Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Business Opportunities, Investment Opportunities for Most Profitable Business in India, Manufacturing Business Ideas, Preparation of Project Profile, Pre-Investment and Pre-Feasibility Study, Market Research Study, Preparation of Techno-Economic Feasibility Report, Identification and Section of Plant, Process, Equipment, General Guidance, Startup Help,

Technical and Commercial Counseling for setting up new industrial project and Most Profitable Small Scale Business.

NPCS also publishes various process technology, technical, reference, self employment and startup books, directory, business and industry database, bankable detailed project report, market research report on various industries, small scale industry and profit making business. Besides being used by manufacturers, industrialists and entrepreneurs, our publications are also used by professionals including project engineers, information services bureau, consultants and project consultancy firms as one of the input in their research.

Our Detailed Project report aims at providing all the critical data required by any entrepreneur vying to venture into Project. While expanding a current business or while venturing into new business, entrepreneurs are often faced with the dilemma of zeroing in on a suitable product/line.

NIIR PROJECT CONSULTANCY SERVICES , 106-E, Kamla Nagar, New Delhi-110007, India. **Email:** npcs.india@gmail.com **Website:** NIIR.org
