Just For Starters: How To Start Your Own Export Business (4th Revised Edition)

Author: Ajay Kumar Gupta Format: Paperback ISBN: 9788195075546 Code: NI44 Pages: 280 Price: Rs. 975.00 US\$ 25.95 Publisher: NIIR PROJECT CONSULTANCY SERVICES Usually ships within 5 days

An export in international trade is a good or service produced in one country that is sold into another country. Entering export markets can boost turnover and improve innovation as firms develop new products for particular markets. It can also reduce exposure to risk, by distributing sales across various countries or regions. Exporting is lucrative because sometimes local prices are way lower than the export prices are. The three forms of exporting are indirect exporting, direct exporting, and intra-corporate transfer. Indirect exporting involves selling a product to a domestic customer, which then exports the product in its original form or a modified form.

Exporting can be lucrative for businesses of all sizes. On average, sales grow faster, more jobs are created, and employees earn more than in non-exporting firms. An astonishing 97 percent of all U.S. companies that export products are actually small businesses. That's according to new research by SCORE, a nonprofit association for small businesses. Small business exports currently account for \$541 billion and nearly six million jobs in the United States.

The major contents of the book are Organising An Export Firm, How To Export Business, How To Sell Overseas, Export Procedure, Export Product Planning, Introduction To Export Marketing, Registration Of Exporters, Company Registration Online, Registration Process For Exports In India, Export Modes, Export Finance, Banking Regulation Governing Exports, Export Payment Terms, Export Pricing And Costing, Foreign Sales Agent, Export Benefits, Export Incentives, Export Contract, Foreign Currency & Exchange, Packing And Labeling Of Goods, Export Credit Insurance, Export Documentation And Procedures, Export From India To CIS Countries, Export To SAARC Member Countries , GST On Export Of Goods & Services , GST On Export Of Services Abroad: Five Interesting Points, GST Tax Rate For Exports, Export Promotion Organization, List of Export Promotion Council/Commodity Board/Export Development Authorities.

The book help to guide individuals through step by step of setting-up new export business. This book is one-stop guide to one of the fastest growing in Large & Small sectors in Export Business. This is the only complete handbook on Just For Starters: How to Start Your Own Export Business.

Contents
