

Handbook on Ayurvedic Medicines with Formulae, Processes & Their Uses (2nd Revised Edition)

Author: H. Panda

Format: Paperback

ISBN: 9789381039250

Code: NI47

Pages: 576

Price: Rs. 1,475.00 **US\$** 39.86

Publisher: NIIR PROJECT CONSULTANCY SERVICES

Usually ships within **5** days

Ayurvedic medicine (also called Ayurveda) is one of the world's oldest medical systems. It originated in India and has evolved there over thousands of years. It is a holistic healing science. Ayurvedic practice involves the use of medications that typically contain herbs, metals, minerals, or other materials. Now-a-days people are attracted more towards Ayurvedic medicines as the allopathic medicines are costlier and have side effects. There is more and more scientific research being conducted in our country for treatment of various diseases by Ayurvedic and herbal therapy. Research on medicinal and cosmetic uses of herbs is contributing to the growth of herbal industry. A large number of ailments have Ayurvedic treatment much superior to the other system of medicines and this has been recognized world over.

Medicine has become an increasingly accepted alternative medical treatment in America during the last two decades. Up to 80% of people in India use either Ayurveda or other traditional medicines. It is believed that building a healthy metabolic system, attaining good digestion and proper excretion leads to vitality. India is said to have advantage of well recorded and well practiced knowledge of traditional herbal medicines. Herbal products are in huge demand in the developed world for health care, for the reason that they are efficient, safe and have lesser side effects.

Efforts have been made on this book to enable readers to explore details regarding medicinal plants and their processing, learn about the unique composition of Rooh Afza, a clinical study of Chyavanaprash produced by Ayurveda rasashala, a clinical assessment of effect of triphala inlipoma, formulae and processes of different types of Ayurvedic Medicines like churan, capsules, syrup, sharbat, pastes etc that are used in various ailments. It also highlights preparation and uses of every product accompanied with their formulations which offers relief from a variety of conditions, such as cold and flu symptoms, headaches, toothaches, sore throats, high cholesterol, vision problems, anxiety, depression etc. Special content on machinery equipment photographs along with supplier details has also been included.

We hope that this book will meet every individual need who has thrust to explore and enter into the field of medicinal herbs processing.

Contents

CHAPTER-1

Medicinal Plants

Introduction

Science and Technology

Tie-up Programme

Market Potential

The unique composition of Rooh Afza

CHAPTER-2

The Properties of Rooh Afza's Ingredients

Invert Sugar

Coriandrum Sativum (Coriander/Dhania)

Citrullus Vulgaris (Water-melon/Tarbooz)

Santalum Album (White Sandal Wood Sandal Safed)

Nymphaea Alba (White Waterlily/Gul Nilofar)

Protulaca Oleracea (Garden Purslane/Khurfa)

Protulaca Oleracea (Garden Purslane/Khurfa)

Daucus Carota (Carrot/Gajar)

Parmelia Perlata (Stone Flower/Chharrhila)

Spinacia Oleracea (Spinach/Palak)

Mentha Arvensis (Mint/Pudina)

Luffa Cylindrica (Smooth Luffa/Hara Ghia)

Cichorium Intybus (Endiver/Kasni)

Vitis Vinifera (Dried Grapes/Munnaqqa)

Vetiveria Zizanioides (Khus Khus Grass/Khas Hindi)

Onosma Bracteatum (Burge Gaozaban)

Rooh Afza in a nutshell

Rooh Afza as nutrient

Rooh Afza for essential electrolytes

Rooh Afza for retention of body water

Rooh Afza's medicinal properties

Rooh Afza's soothing and refreshing properties

When to use Rooh Afza

CHAPTER-3

A Clinical Study of Chyavanaprasad produced by

Ayurveda Rasashala

Introduction

Materials and Methods

Research of Medicinal Plants

Natural Products from Ruellia tuberosa L.

Experimental

Fraction 'A'

Fraction 'B'

Chemical Constituents of Phyllanthus niruri Linn.

Experimental Procedure

Isolation :

Compound-A

Alkaline hydrolysis of compound-A

Compound-B

Isolation of compounds C and D

Compound-C

Compound-D

Chemical investigation of *Symplocos racemosa Roxb*

Chemical Investigation of *Clerodendron fragrans*

Experimental

Results and Discussion

Activity of *Diospyros montana*

Bark Extract on Ehrlich Ascites carcinoma in Mice

Experiment

Results and Discussion

Chemical Constituents of *Dillenia indica*

Linn, and *Vitex negundo Linn.*

Experimental

Crystalline Components of the

Roots of *Phyllanthus reticulatus*.

Experimental

Results and Discussion

Aurantiamide Acetate from

Artocarpus integrifolia Linn.

Chemical Examination of Essential Oil of

Coleus aromaticus Benth

Chemical Examination of Essential Oil

from the leaves of *Tagetes-erecta Linn.*

A New Neoflavanoid from *Dalbergia volubilis*

Occurrence of D7-Sterols in *Celosia cristata Linn.*

Terpenoids & Related Compounds : “

3b-Hydroxyfriedelan-7-one, a

New Triterpene from *Pergularia extensa N.E. Br.*

A new isoflavone from *Ochna squarrosa (Linn)*.

A novel quinone from *Dalbergia sissooides Grah.*

Experimental

A New Triterpene Acid from *Heynea trijuga Roxb.*

A new Saponin, from the Roots of

Streblus asper (Lour)

Chemical Investigation of *Wrightia mollissima*

Chemical Constituents of *Eucalyptus Citriodora Roots*

Alkaloids from *Doronicum Pardalianches Linn.*

Occurrence of Two Rare Amides in

Medicago Polymorpha

A New Flavanone Glycoside from the

Roots of *Alstomia scholaris R.Br.*

Isolation of Trimethoxyflavanone from the

Bark of *Macaranga peltata Muell*

Synthesis & Hypotensive Activity of Diaboline

Biological activity

Experimental Procedure

Wieland-Gumlich aldehyde (2)

Aprenylated anthraquinone and

a flavone from the seeds of Cassia marginata
Furocoumarins from Angelica glauca Edgw
Glycolone : A New 2-Quinolone
Alkaloid from Glycosmis pentaphylla (Retz) DC
A short and efficient synthesis of ethyl
(E,E)-7,12-dioxo-octadeca-8,10-dienoate
(ostopanic acid ethyl ester)
Isolation & Identification of a
New Derivative of Allophanic
Acid from the Seed Coat of
Butea monosperma (Lam.) Kuntze
Pyroglutamylglutamineâ€”
A new diuretic principal from
Dolichos biflorous seeds
Experimental
A New Sorboside from Ichnocarpus frutescens
Dalspinisin 7-O- β -D-Glucopyranoside, a
New Isoflavone Glycoside from the
Roots of Dalbergia spinosa Roxb.
Uncinatone, a Diterpene Hydroquinone from
Clerodendron fragrans & C. siphonanthus

CHAPTER-43

Machinery & Equipments

About NIIR

NIIR PROJECT CONSULTANCY SERVICES (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. NPCS is manned by engineers, planners, specialists, financial experts, economic analysts and design specialists with extensive experience in the related industries.

Our various services are: Detailed Project Report, Business Plan for Manufacturing Plant, Start-up Ideas, Business Ideas for Entrepreneurs, Start up Business Opportunities, entrepreneurship projects, Successful Business Plan, Industry Trends, Market Research, Manufacturing Process, Machinery, Raw Materials, project report, Cost and Revenue, Pre-feasibility study for Profitable Manufacturing Business, Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Business Opportunities, Investment Opportunities for Most Profitable Business in India, Manufacturing Business Ideas, Preparation of Project Profile, Pre-Investment and Pre-Feasibility Study, Market Research Study, Preparation of Techno-Economic Feasibility Report, Identification and Selection of Plant, Process, Equipment, General Guidance, Startup Help, Technical and Commercial Counseling for setting up new industrial project and Most Profitable Small Scale Business.

NPCS also publishes various process technology, technical, reference, self employment and startup books, directory, business and industry database, bankable detailed project report, market research report on various industries, small scale industry and profit making business. Besides being used by manufacturers, industrialists and entrepreneurs, our publications are also used by professionals including project engineers, information services bureau, consultants and project consultancy firms as one of the input in their research.

Our Detailed Project report aims at providing all the critical data required by any entrepreneur vying to venture into Project. While expanding a current business or while venturing into new business, entrepreneurs are often faced with the dilemma of zeroing in on a suitable product/line.
