Minerals, Marble, Granite, Gypsum, Quartz, Talc, Mica Projects

We can provide you detailed project reports on the following topics. Please select the projects of your interests.

Each detailed project reports cover all the aspects of business, from analysing the market, confirming availability of various necessities such as plant & machinery, raw materials to forecasting the financial requirements. The scope of the report includes assessing market potential, negotiating with collaborators, investment decision making, corporate diversification planning etc. in a very planned manner by formulating detailed manufacturing techniques and forecasting financial aspects by estimating the cost of raw material, formulating the cash flow statement, projecting the balance sheet etc.

We also offer self-contained Pre-Investment and Pre-Feasibility Studies, Market Surveys and Studies, Preparation of Techno-Economic Feasibility Reports, Identification and Selection of Plant and Machinery, Manufacturing Process and or Equipment required, General Guidance, Technical and Commercial Counseling for setting up new industrial projects on the following topics.

Many of the engineers, project consultant & industrial consultancy firms in India and worldwide use our project reports as one of the input in doing their analysis.

We can modify the project capacity and project cost as per your requirement. We can also prepare project report on any subject as per your requirement.

Project Reports Available

Silica Ramming Mass (Acidic Ramming Mass)
Activated Alumina
Quarrying Of Limestone
Limestone Crushing, Grinding (for mfg. chips & powder)
Stone Crushing Unit
Beneficiation of Chromite Ore Processing Charge Chrome
Emery Stone
Emery Paper Cloth
Emery Paper Cloth
GRANITE TILES CUTTING & POLISHING
AGGREGATE BUSINESS
TITANIUM DIOXIDE (ANATAGE GRADE)
TITANIUM DIOXIDE (ANATASE GRADE)
Cement Plant
Gypsum Plaster Boards
Iron Ore Pelletization Plant
Beneficiation of Chromium, Nickel & Manganese Ores
On this page, the document provides information on a variety of industrial and manufacturing projects, ranging from Multi Grade Lime and Chromite Beneficiation Plant to Marble Tiles and Marble & Granite Warehouse. It also lists several gypsum-based products, including Gypsum Powder, Calcite Powder, and Gypsum Board. Other projects mentioned include ILMENITE BENEFICIATION, CALCINATION PLANT FOR PYROPHYLITE AND DISPORE MINERALS BY VERTICAL SHAFT KILN PROCESS, and FERRO MANGANESE (HIGH AND LOW CARBON).

The text also offers details on services provided by NIIR Project Consultancy Services (NPCS), such as detailed project reports, feasibility studies, cost and revenue estimates, and entrepreneurship projects. These services are aimed at entrepreneurs, manufacturers, and industrialists to help them identify and set up profitable industrial projects.

NIIR PROJECT CONSULTANCY SERVICES (NPCS) offers a range of services including detailed project reports, feasibility studies, cost and revenue estimations, and advice on business opportunities. Their services are used by manufacturers, industrialists, and entrepreneurs to identify and set up profitable industrial projects. Additionally, their publications on various industries are used by professionals for research.
Our Detailed Project report aims at providing all the critical data required by any entrepreneur vying to venture into Project. While expanding a current business or while venturing into new business, entrepreneurs are often faced with the dilemma of zeroing in on a suitable product/line.
